

CALCIRIX PLUS TABLETS

Calcium Citrate + Vitamin D3 + Magnesium + Zinc +
Manganese + Copper

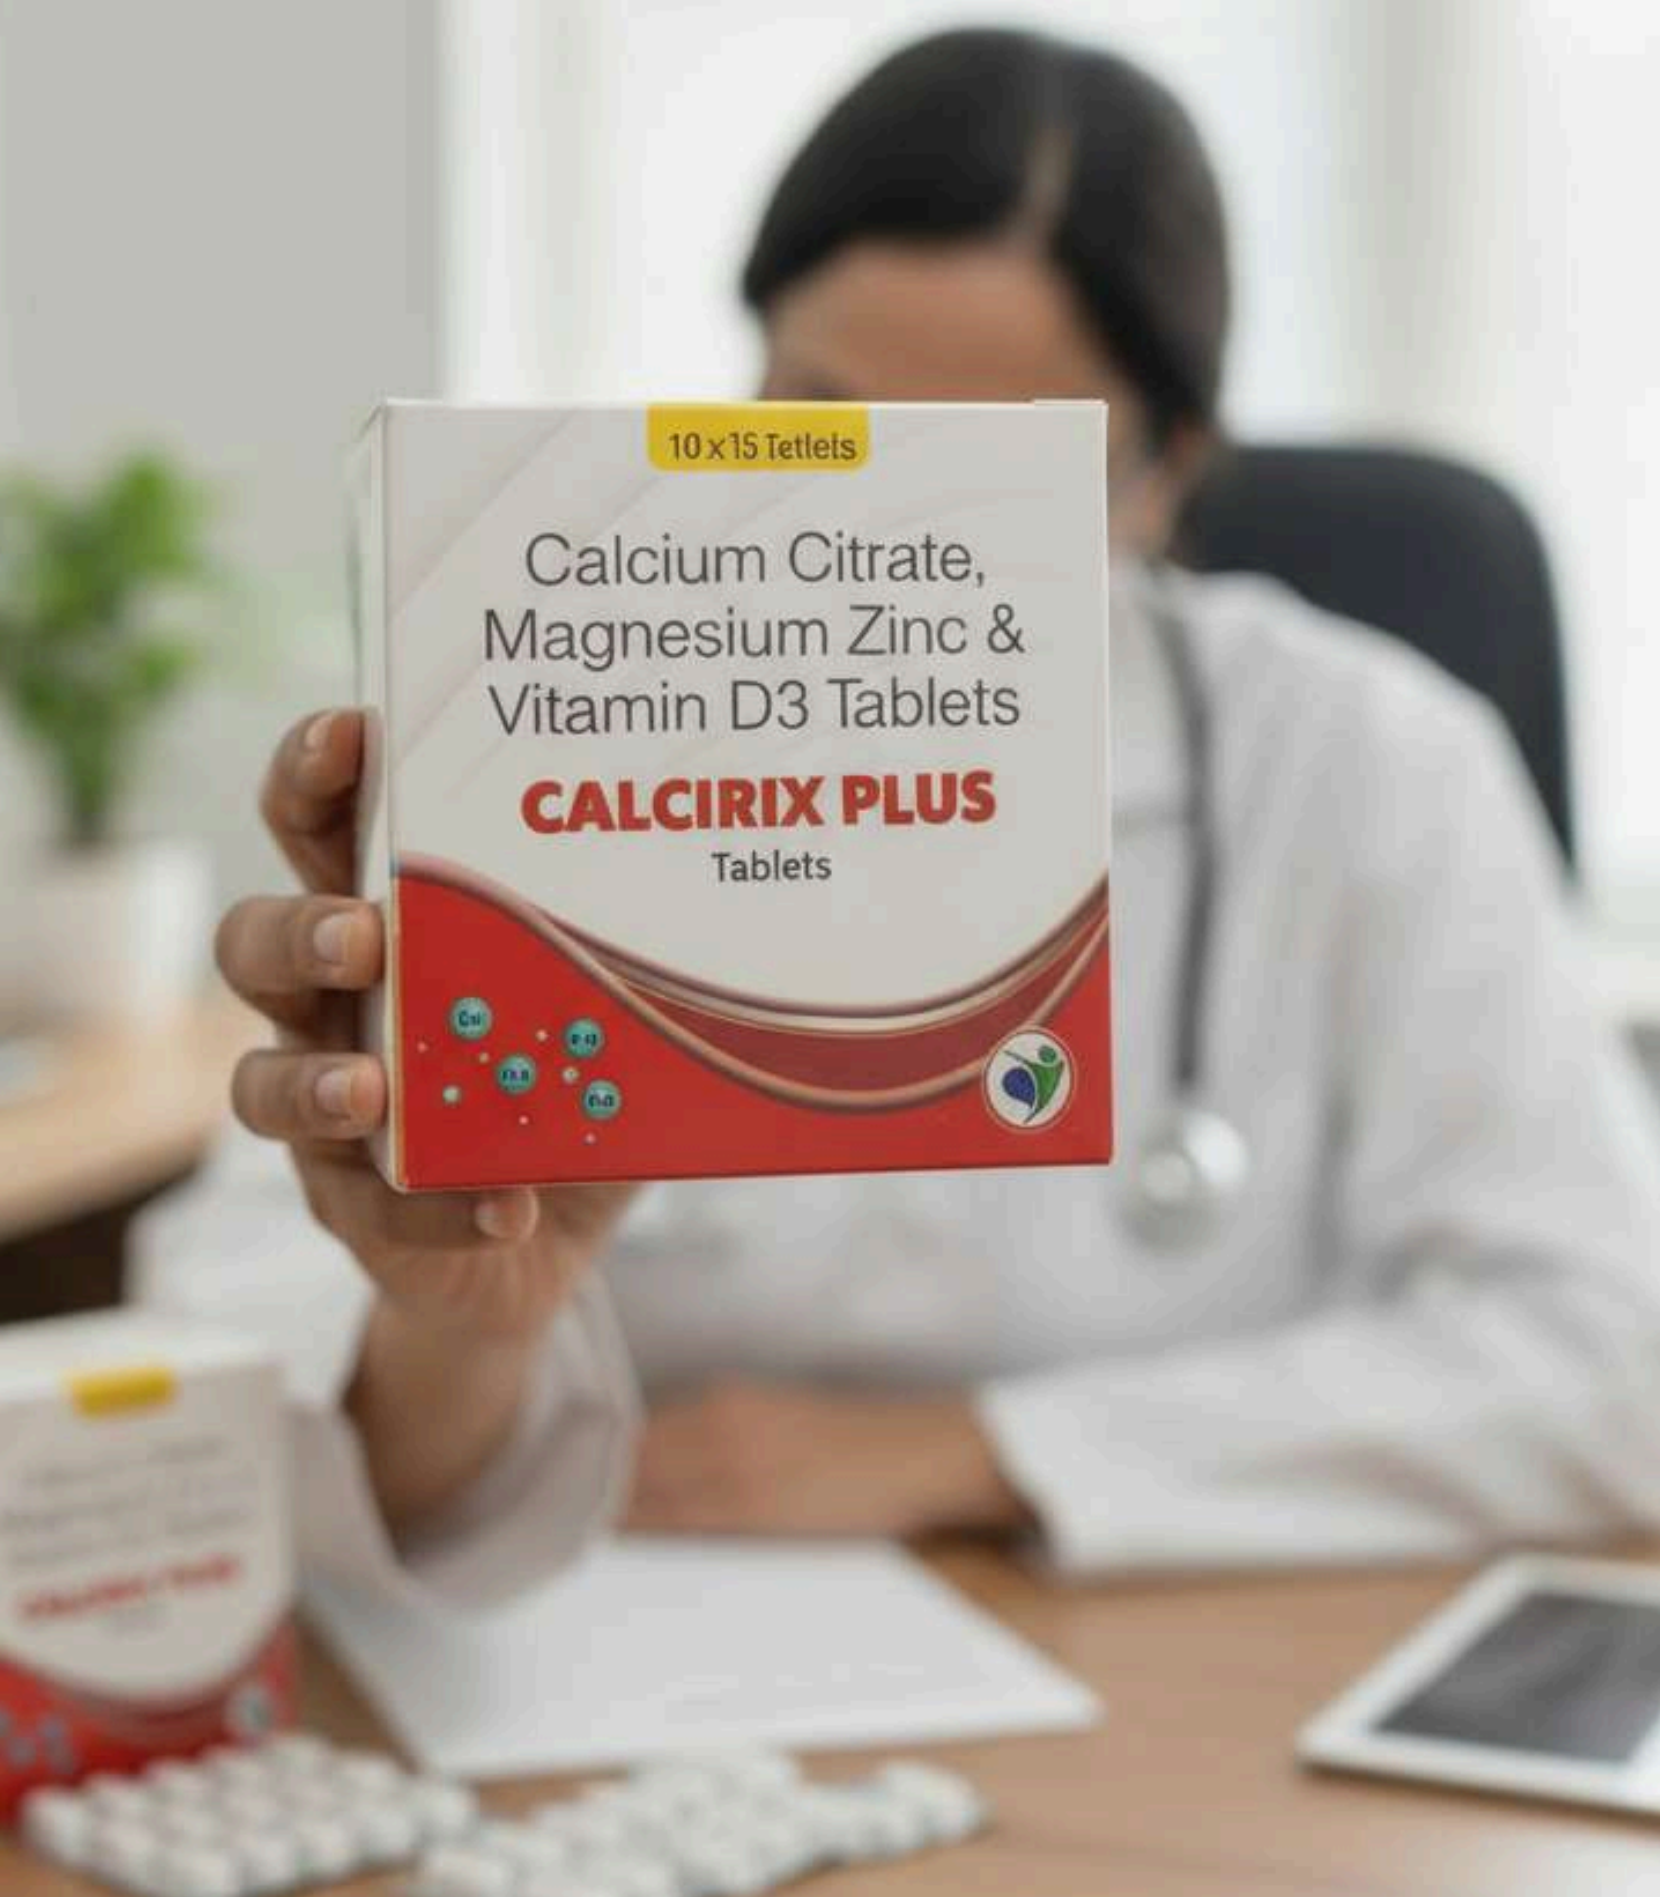

"Balanced Mineral Support for Strong Bones & Healthy
Metabolism"

Marketed by: Human Orthocare

A Subsidiary of Human Biolife India Pvt. Ltd.

www.humanorthocare.com

Key Features:

- Calcium citrate → better absorption, gentle on stomach
- Vitamin D3 improves calcium utilisation
- Magnesium, Zinc, Manganese & Copper → synergistic bone & connective tissue support
- Ideal for daily bone health maintenance & osteoporosis prevention

Product Overview

Composition (per tablet):

Calcium Citrate U.S.P.

1000 mg - Primary bone building mineral

Vitamin D3 I.P.

200 IU - Enhances calcium absorption

Magnesium Hydroxide I.P.

100 mg - Supports bone structure

Zinc Sulphate Monohydrate I.P.

4 mg - Bone matrix formation

Manganese Sulphate U.S.P.

1.8 mg - Collagen synthesis

Copper Sulphate B.P.

1 mg - Connective tissue support

Role of Key Ingredients

Calcium Citrate (1000 mg)

High bioavailability, prevents osteoporosis & fractures

Vitamin D3 (200 IU)

Facilitates calcium absorption & bone mineralisation

Magnesium (100 mg)

Regulates calcium balance, improves neuromuscular function

Zinc (4 mg)

Supports bone matrix formation & immunity

Manganese (1.8 mg)

Involved in collagen synthesis & cartilage health

Copper (1 mg)

Essential for bone strength & connective tissue metabolism

Indications

💡 **Calcirix Plus Tablets are recommended for:**

- Osteoporosis & osteopenia prevention**
Comprehensive bone density support
- Post-menopausal bone health support**
Hormonal transition bone protection
- Growing children & adolescents**
Critical bone growth phase support
- Fracture healing & post-surgical recovery**
Enhanced bone repair and regeneration
- Elderly patients with chronic bone weakness**
Age-related bone health maintenance
- General nutritional supplementation**
Daily bone & joint health protection

Clinical Advantages

★ Key Benefits of Calcirix Plus

Superior Absorption

Calcium citrate provides better bioavailability compared to carbonate forms

Complete Mineral Synergy

Comprehensive support for bone, cartilage & connective tissue health

Fracture Risk Reduction

Significantly reduces fracture risk & improves bone healing processes

Gentle Formulation

Stomach-friendly formula ensures better patient compliance

Daily Protection

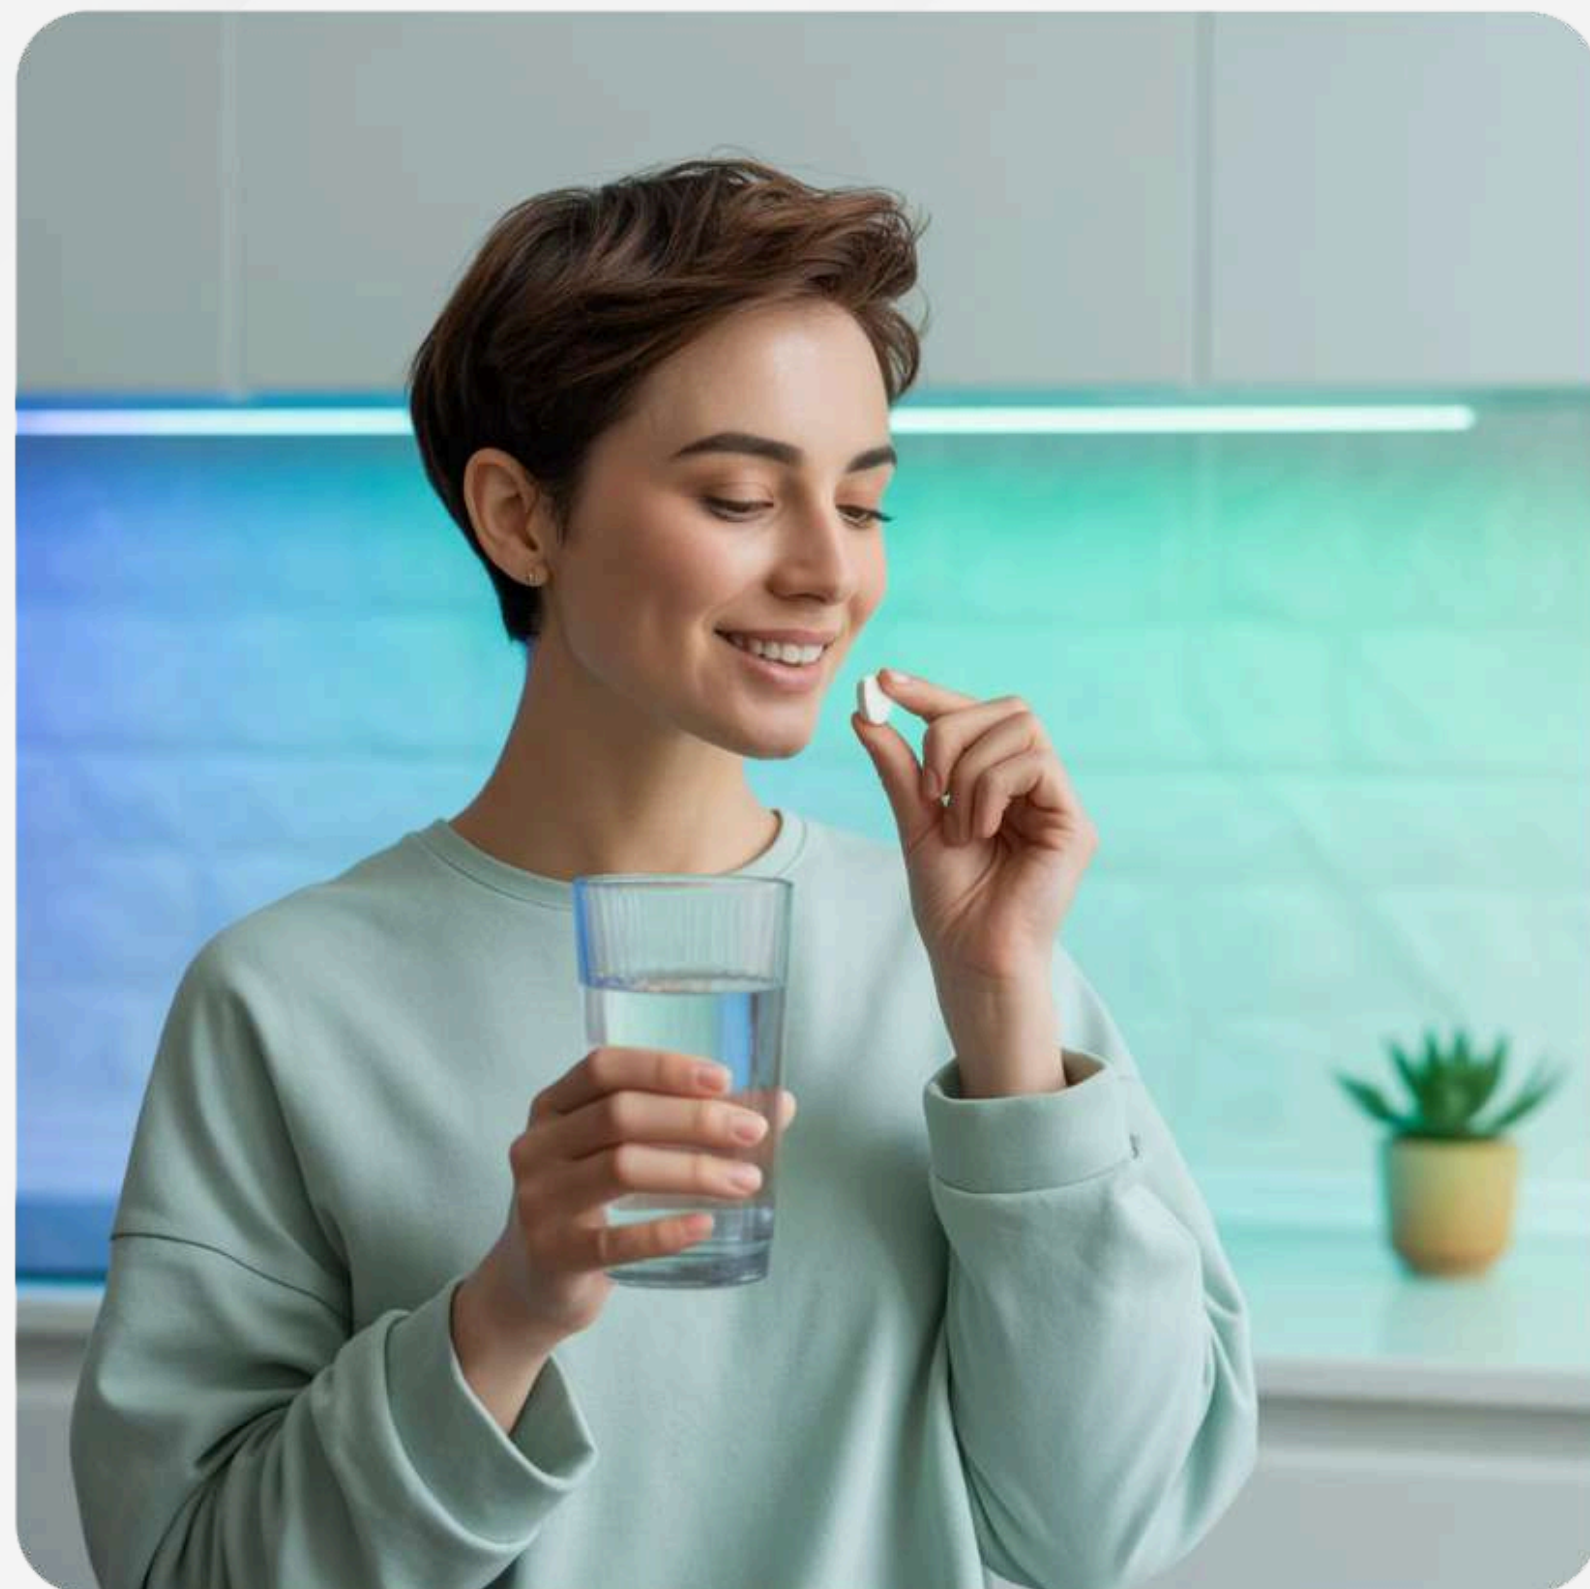

Consistent nutritional protection for maintaining strong, healthy bones

Comparison with Other Calcium Supplements

Parameter	Calcirix Plus (Ca + Multi-Minerals)	Basic Calcium + D3	Calcirix Coral
Calcium Absorption	✓ High (Citrate form)	⚠ Variable	✓ Good
Mineral Support	✓ Mg + Zn + Mn + Cu	✗ Absent	✗ Absent
Bone Strength	✓ Excellent	⚠ Moderate	✓ Strong
GI Tolerance	✓ Better	⚠ Constipation	✓ Good

✓ **Calcirix Plus stands out** with its comprehensive mineral profile and superior calcium citrate formulation, providing unmatched bone health support.

Dosage & Administration

Recommended Dosage

1 Tablet once or twice daily after meals

Or as directed by physician

Important Guidelines

- Adequate hydration recommended
- Maintain balanced diet
- Take with or after meals for optimal absorption

Precautions

Avoid excessive calcium intake from other sources to prevent hypercalcemia

Safety & Tolerability

🔍 Generally Well-Tolerated

Possible Side Effects:

- **Mild gastric upset**

(rare occurrence)

- **Constipation**

(uncommon, less than carbonate forms)

⊗ ⚡ Contraindications:

- Hypercalcaemia or hypervitaminosis D
- Severe renal impairment
- Hypersensitivity to any ingredients

Always consult healthcare provider before starting supplementation, especially in patients with existing medical conditions.

Why Prescribe Calcirix Plus?

Doctor's Choice For:

01

Daily bone health maintenance with mineral synergy

Comprehensive approach to bone health with multiple essential minerals working together

02

Better calcium absorption with citrate form

Superior bioavailability ensures maximum therapeutic benefit for patients

03

Improves bone healing & connective tissue support

Enhanced recovery outcomes for fractures and post-surgical patients

04

Ideal for post-menopausal, elderly & fracture recovery patients

Targeted support for high-risk populations requiring specialised bone care

05

Trusted quality from Human Orthocare

Reliable pharmaceutical excellence with proven clinical outcomes
