Product Overview

Composition (per tablet):

Etoricoxib I.P.

60 mg

Selective COX-2 inhibitor for targeted anti-inflammatory action

Paracetamol I.P.

325 mg

Central analgesic and antipyretic for rapid pain relief

Key Features:

- **Etoricoxib**: selective COX-2 inhibitor → reduces inflammation & pain with gastric safety
- **Paracetamol**: central analgesic & antipyretic → quick pain & fever control
- Synergistic combination for musculoskeletal & post-operative pain
- Safer vs traditional NSAID + Paracetamol combinations

**Human
Ortho Care**

A SUBSIDIARY OF HUMAN BIOLIFE INDIA PVT. LTD.

Mechanism of Action

Etoricoxib

- Selective COX-2 inhibition → blocks prostaglandins
- Anti-inflammatory & analgesic effect
- Gastro-protective (minimal COX-1 inhibition)

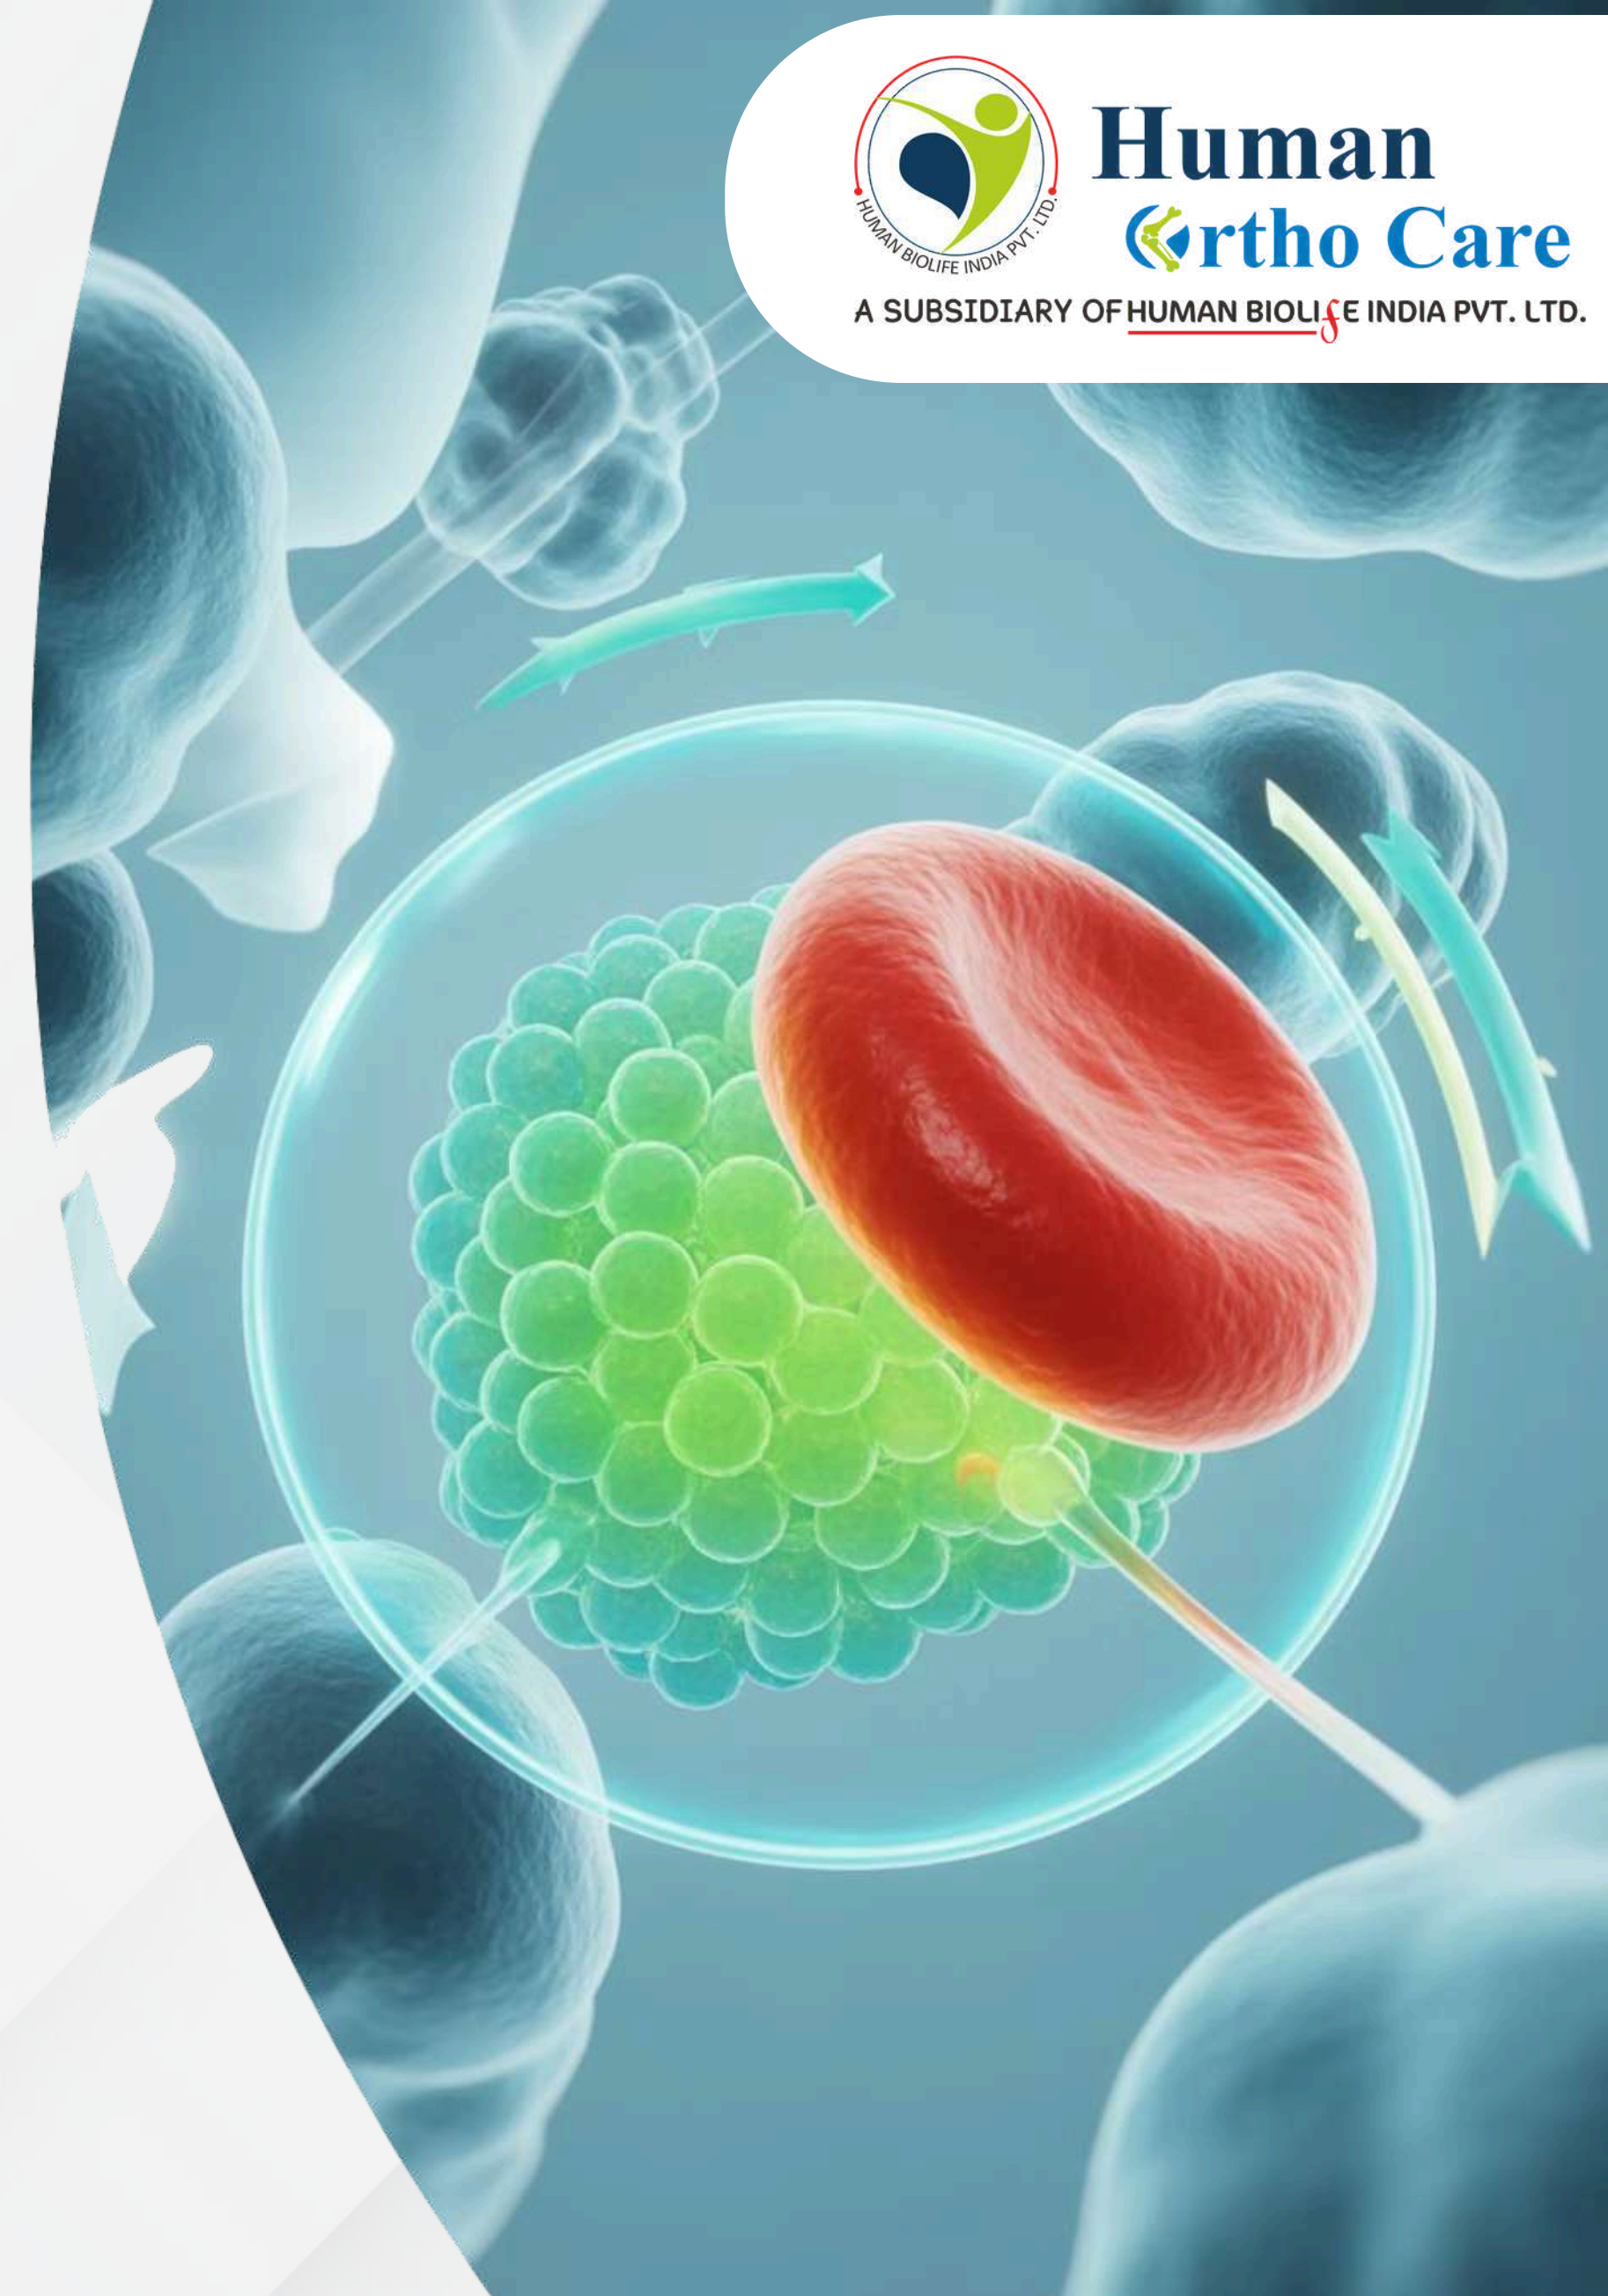

Paracetamol

- Inhibits central prostaglandin synthesis
- Rapid analgesic & antipyretic action
- Works synergistically with Etoricoxib

Result

Dual action: Quick pain relief + Long-lasting anti-inflammatory protection

Indications

Ethicox-P Tablets are recommended for:

- Osteoarthritis, rheumatoid arthritis & spondylitis**
Long-term management of chronic inflammatory conditions
- Acute low back pain & musculoskeletal pain**
Rapid relief for sudden onset pain conditions
- Post-operative & dental pain**
Effective pain management following surgical procedures
- Sports injuries & trauma-induced pain**
Quick recovery support for active individuals
- Fever & pain associated with inflammation**
Comprehensive symptom management

Clinical Advantages

Key Benefits of Ethicox-P:

Rapid + Strong Action

Combines rapid analgesic (Paracetamol) + strong anti-inflammatory (Etoricoxib) for comprehensive pain management

Convenient Dosing

Once or twice daily convenient dosing improves patient compliance and treatment outcomes

Enhanced Safety Profile

Safer gastric profile compared to NSAID + Paracetamol combinations, reducing risk of gastrointestinal complications

Improved Quality of Life

Enhances patient comfort & mobility, allowing return to normal daily activities

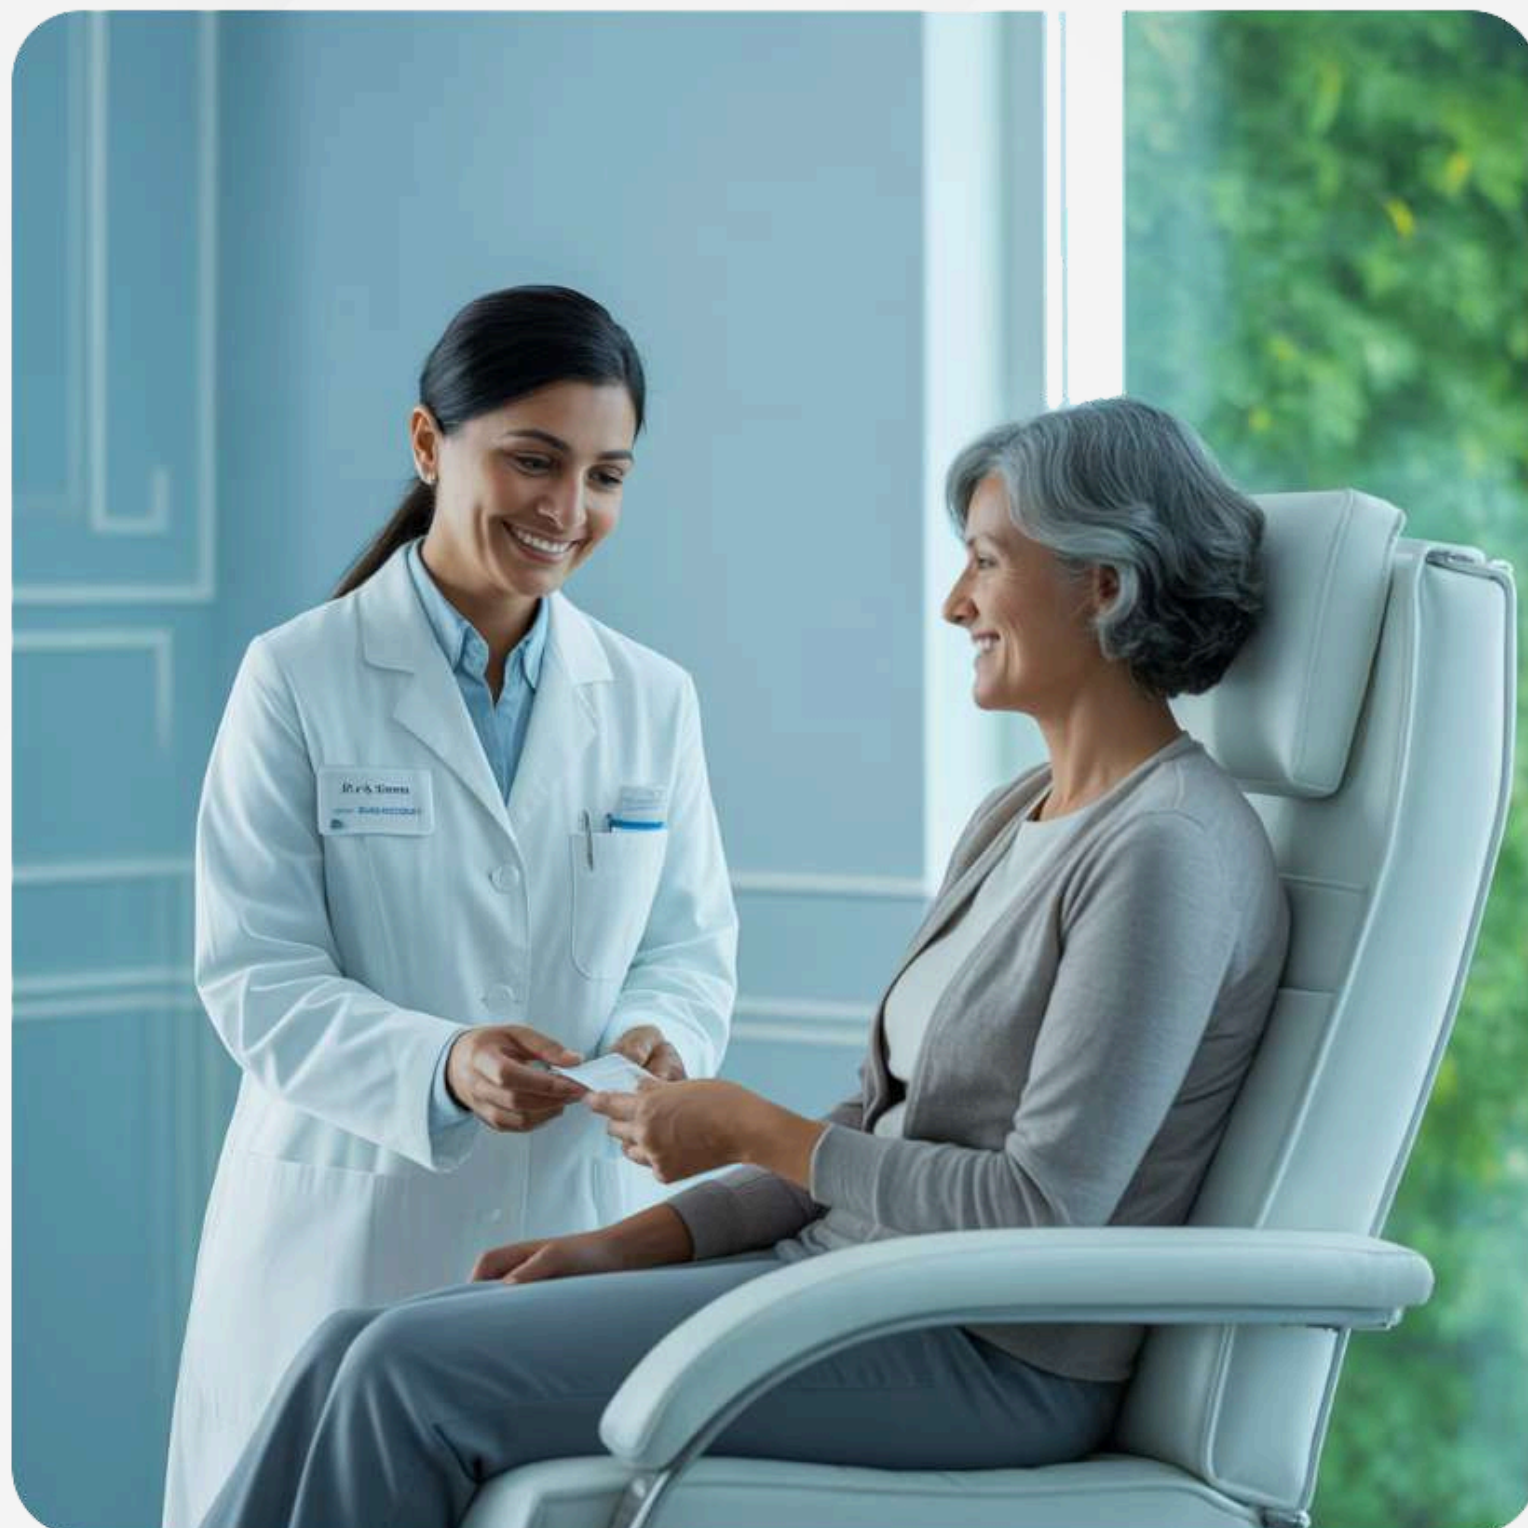

Versatile Treatment

Effective for both acute & chronic musculoskeletal conditions, providing flexibility in treatment approaches

Comparison with Other Combinations

Parameter	Ethicox-P (Etoricoxib + PCM)	Diclofenac + PCM	Ibuprofen + PCM
Anti-inflammatory	✓ Strong (COX-2 selective)	✓ Strong	⚠ Moderate
Analgesic Effect	✓ Strong + Fast	✓ Moderate	✓ Moderate
GI Safety	✓ High	✗ Poor	⚠ Moderate
Compliance	✓ Once/ Twice Daily	✗ 2-3x Daily	✗ 3x Daily

Dosage & Administration

Standard Dosage

1

1 Tablet once or twice daily after meals

Maximum dose as per physician's guidance

Safety Guidelines

2

Use lowest effective dose for shortest duration

Monitor liver function in prolonged use (due to Paracetamol)

⚠ Important: Always follow physician's instructions for dosage and duration. Regular monitoring may be required for extended treatment periods.

Safety & Tolerability

Generally Well-Tolerated

Possible side effects:

- Mild gastric upset, headache, dizziness (rare)
- Rare: oedema, elevated liver enzymes

Contraindications

- Severe hepatic, renal or cardiac impairment
- Active GI bleeding or peptic ulcer disease
- Pregnancy & lactation
- Hypersensitivity to NSAIDs or Paracetamol

Why Prescribe Ethicox-P?

Doctor's Choice For:

Rapid analgesia with Paracetamol

Quick onset of pain relief for immediate patient comfort

Long-lasting anti-inflammatory action with Etoricoxib

Sustained inflammation control for lasting therapeutic benefit

Safer gastric profile vs NSAID + PCM combos

Reduced gastrointestinal risk for patient safety

Convenient once/twice daily dosing

Improved patient compliance and treatment adherence

Trusted quality from Human Orthocare

Reliable pharmaceutical excellence and consistent quality
