www.humanorthocare.com

Product Overview

Composition (per tablet):

Aceclofenac

200 mg

NSAID for inflammation control

Pregabalin

75 mg

Neuropathic pain modulator

Key Features:

- Combines **NSAID (Aceclofenac)** with **neuropathic pain modulator (Pregabalin)**
- Addresses both inflammatory & nerve pain pathways
- Ideal for chronic musculoskeletal & neuropathic pain conditions
- Reduces polypharmacy burden in patients with mixed pain

**Human
Ortho Care**

A SUBSIDIARY OF HUMAN BIOLIFE INDIA PVT. LTD.

Mechanism of Action

Aceclofenac (200 mg)

Inhibits COX enzymes → blocks prostaglandins → reduces inflammation & pain

Pregabalin (75 mg)

Binds $\alpha 2\delta$ subunit of calcium channels → reduces excitatory neurotransmitters

Controls neuropathic pain, burning, tingling & hyperalgesia

Result

Comprehensive dual-action relief in musculoskeletal & neuropathic pain

Indications

💡 Flezonac-PG Tablets are recommended for:

- **Chronic low back pain with radiculopathy**
- **Cervical/lumbar spondylosis with neuropathic features**
- **Osteoarthritis with nerve pain**

Sciatica & neuropathic musculoskeletal pain

Fibromyalgia & chronic pain syndromes

**Human
Ortho Care**

Clinical Advantages

★ Key Benefits of Flezonac-PG:

Dual Relief

Inflammation + neuropathic pain
management in a single formulation

Non-Opioid Safety

Safer long-term management without opioid dependency risks

Reduced Polypharmacy

Reduces dependence on multiple medications, improving patient compliance

Quality of Life

Improves sleep & quality of life in neuropathic patients

Functional Improvement

Provides functional improvement in chronic painful conditions

Comparison with Conventional Therapy

Parameter	Flezonac-PG (Aceclo + Pregabalin)	Aceclo + PCM	NSAIDs Alone
Inflammation Relief	✓ Strong	✓ Strong	✓ Strong
Neuropathic Pain Relief	✓ Yes	✗ No	✗ No
Analgesic Effect	✓ Comprehensive	⚠ Limited	⚠ Limited
Compliance	✓ Better (1 tablet)	✗ 2-3 drugs	✗ Multiple

Dosage & Administration

Standard Dosage

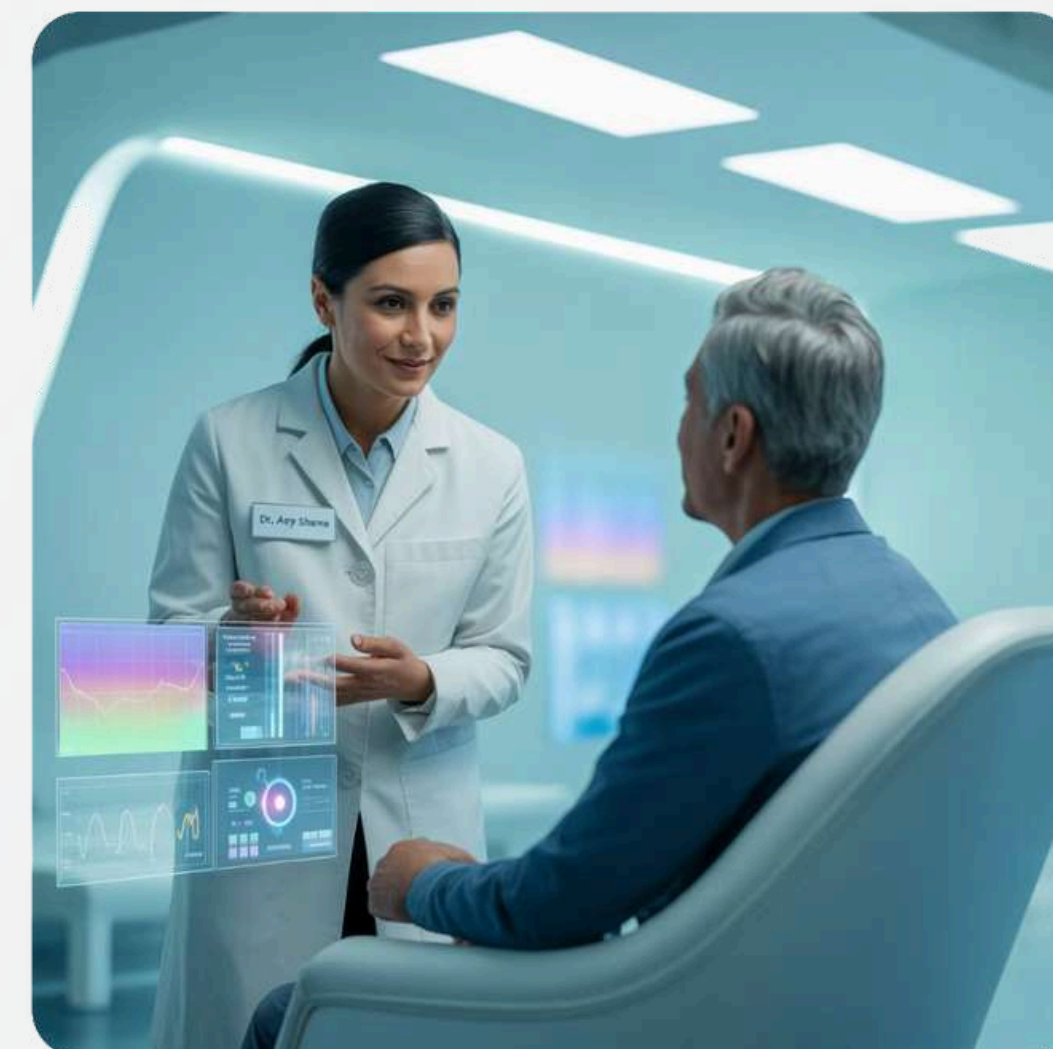

1 Tablet once or twice daily after meals

(as per physician's advice)

Important Considerations

- Dose adjustment may be required in renal impairment (Pregabalin)
- Use lowest effective dose for shortest required duration

Safety & Tolerability

🔍 Generally Well-Tolerated

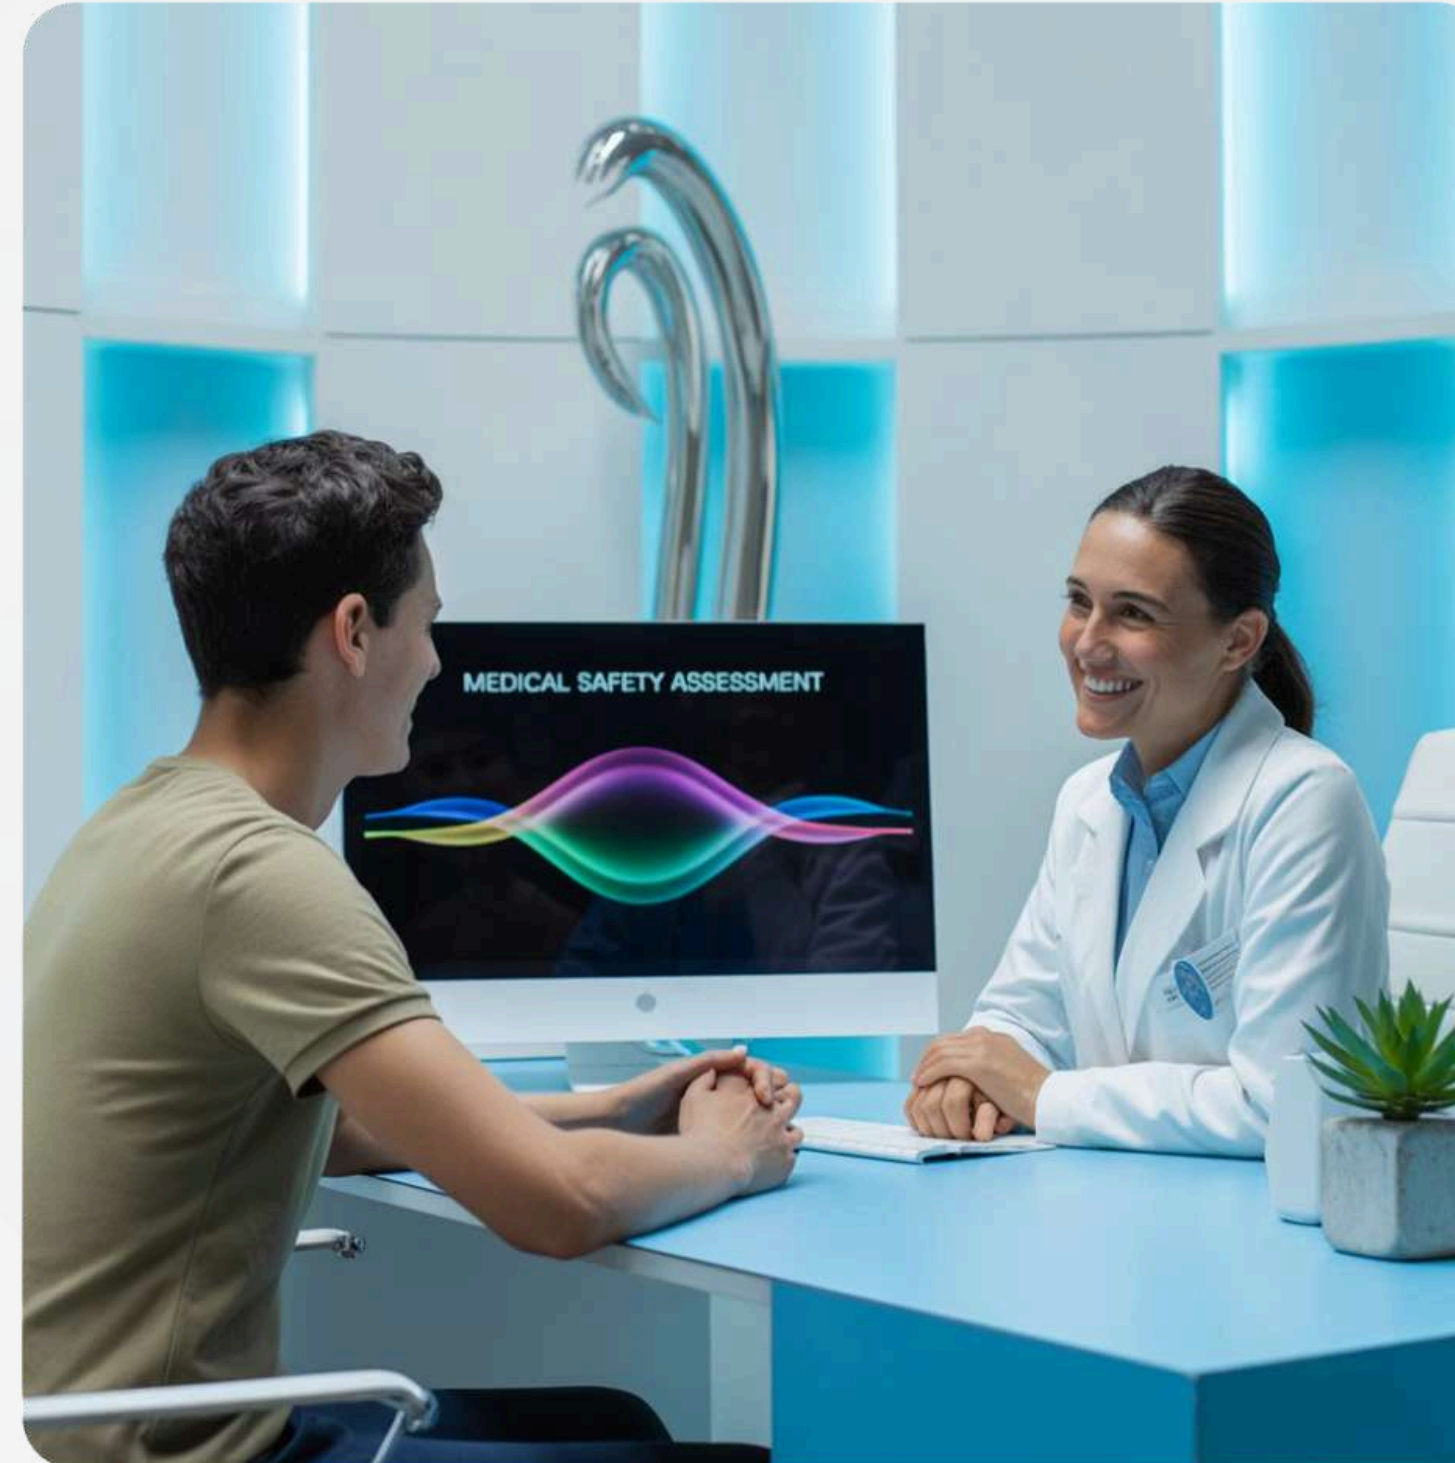

Possible Side Effects:

Aceclofenac Related

Mild gastric upset

Pregabalin Related

Dizziness, drowsiness (usually mild & transient)

⊗ ⚡ Contraindications

- Severe hepatic/renal impairment
- Hypersensitivity to NSAIDs or Pregabalin
- Pregnancy & lactation

Why Prescribe Flezonac-PG?

 Doctor's Choice For:

Dual-Action Relief

Inflammatory + neuropathic pain in one formulation

Trusted Brand

Trusted formulation from Human Orthocare

Simplified Therapy

Reduces need for polypharmacy, improving patient adherence

Enhanced Function

Improves mobility, comfort & sleep quality significantly

Nerve Pain Specialist

Suitable for chronic pain with nerve involvement
