# Product Overview

## Composition (per tablet):

### Trypsin-Chymotrypsin

50,000 Armour Units

### Aceclofenac I.P.

100 mg

### Paracetamol I.P.

325 mg

## Key Features:

- Enzyme + NSAID + Analgesic combination
- Reduces **pain, inflammation & swelling**
- Enhances recovery in trauma & surgical cases
- Safer vs high-dose NSAIDs alone

**Human  
Ortho Care**

A SUBSIDIARY OF HUMAN BIOLIFE INDIA PVT. LTD.

# Mechanism of Action

## **Aceclofenac**

Inhibits COX enzymes → ↓ prostaglandins → reduces pain & inflammation

## **Paracetamol**

Central action → fast analgesic & antipyretic effect

## **Trypsin–Chymotrypsin**

Proteolytic enzymes → break down fibrin & inflammatory mediators → reduce oedema & promote healing

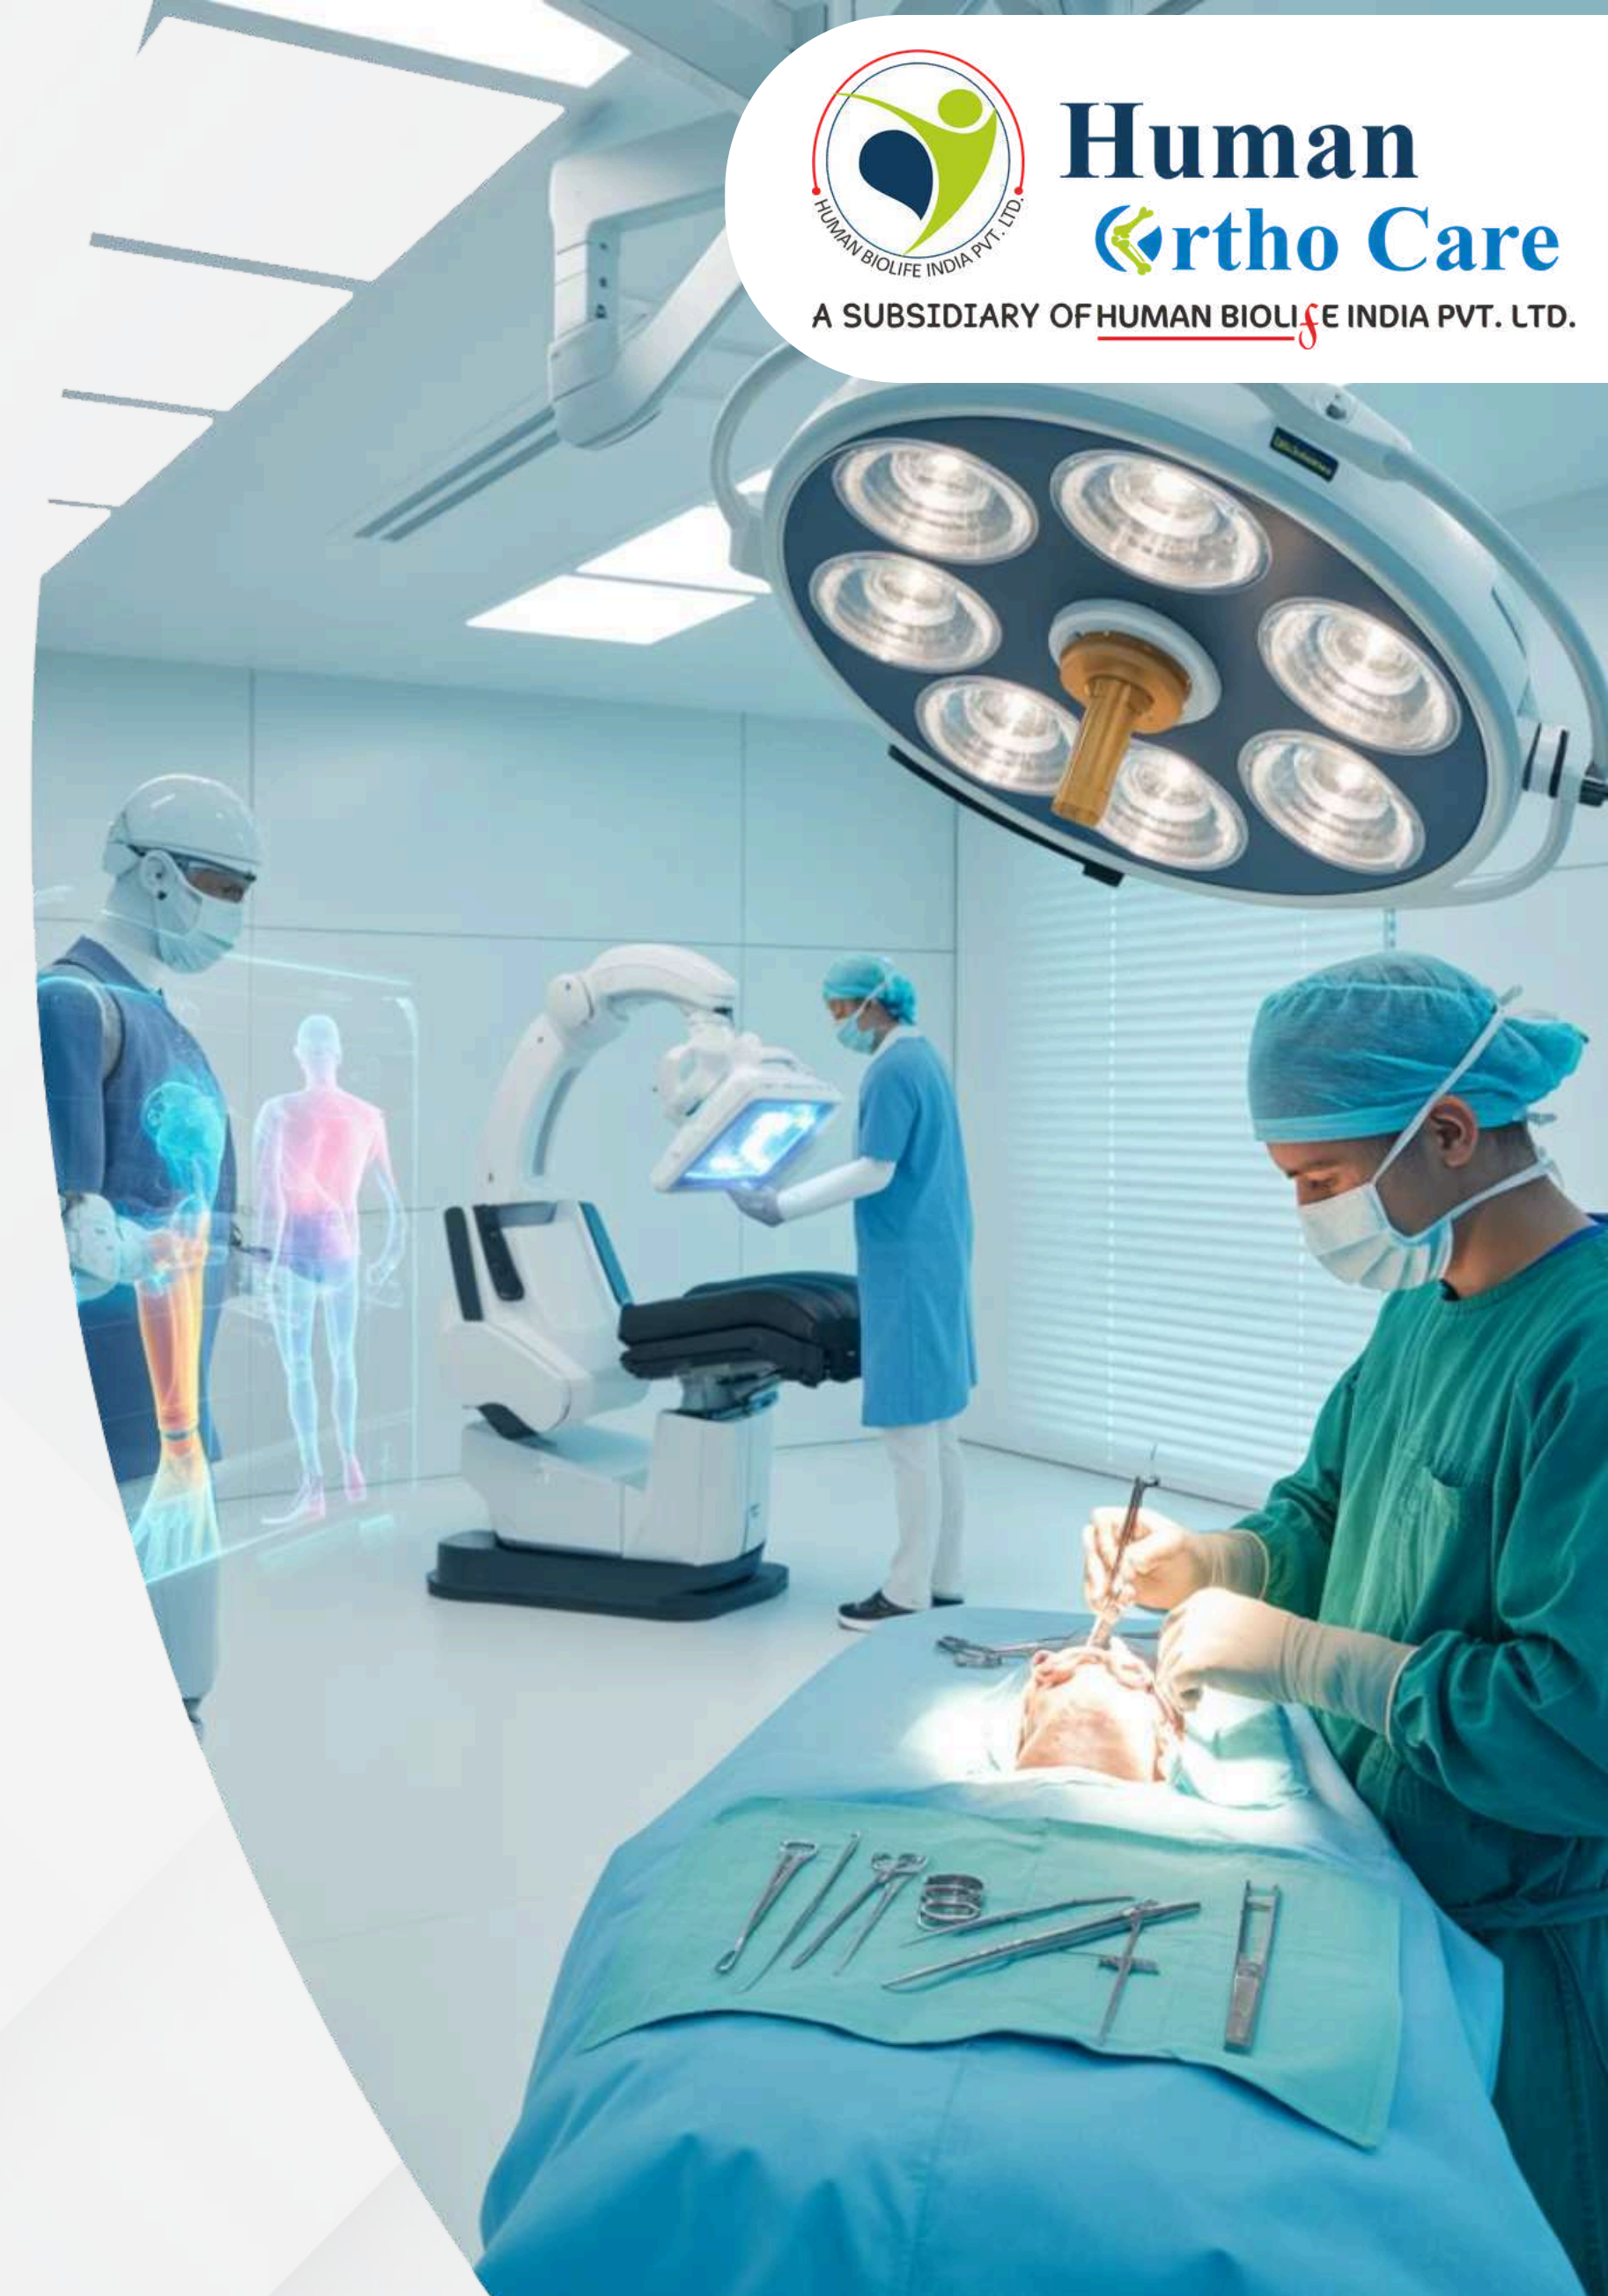

✔ **Result:** Multi-targeted therapy providing comprehensive pain + inflammation + swelling relief

# Indications

Flezonac-XL Tablets are recommended for:

- **Post-traumatic pain, swelling & haematoma**
- **Post-operative oedema & inflammation**
- **Sports injuries & sprains**
- **Dental pain & post-extraction swelling**
- **ENT infections with painful oedema**
- **Orthopaedic pain with inflammation**

# Clinical Advantages

## Key Benefits of Flezonac-XL:

### Triple Synergy

Comprehensive Pain + Inflammation + Swelling control through multi-modal action

### Accelerated Resolution

Enzymes accelerate resolution of oedema & bruising for faster recovery

### Enhanced Recovery

Faster recovery in trauma & surgical cases with improved patient comfort & mobility

### Reduced Polypharmacy

Reduces dependency on multiple drugs through single comprehensive formulation

# Comparison with Other Combinations

Parameter	Flezonac-XL (Aceclo + PCM + Enzymes)	Aceclo + PCM	NSAIDs Alone
Pain Relief	✓ Strong	✓ Strong	✓ Moderate
Inflammation Control	✓ Strong	✓ Strong	✓ Moderate
Swelling/Oedema Control	✓ Yes (Enzymes)	✗ No	✗ No
Recovery Speed	✓ Faster	⚠ Slower	⚠ Limited

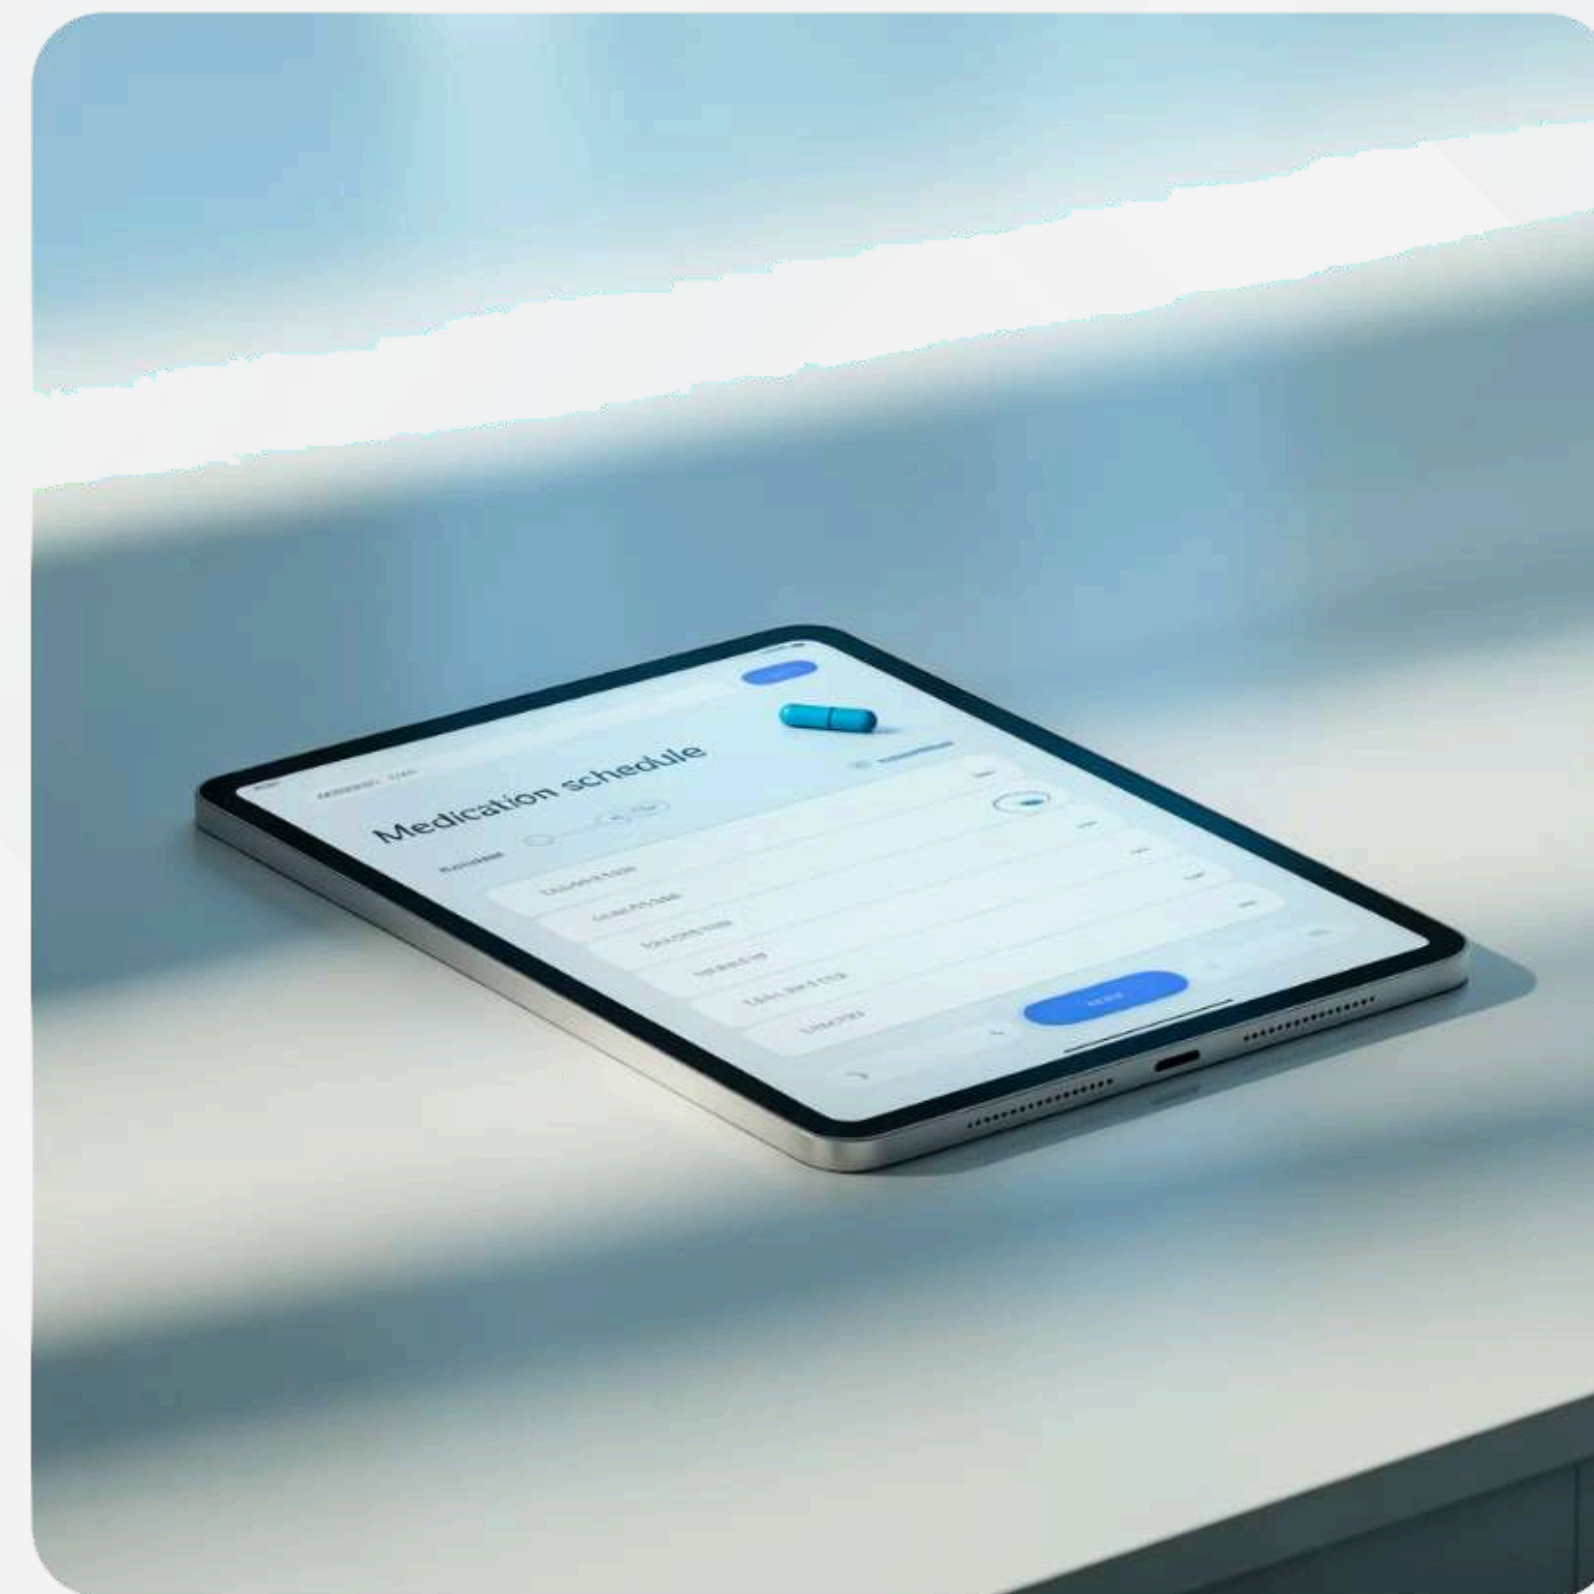

# Dosage & Administration

- Standard Dosage**  
**1 Tablet twice daily after meals**  
Or as directed by physician

- Alternative Timing**  
For optimal enzyme activity, some physicians may prefer empty stomach dosing (based on tolerance)

**Note:** Dosing flexibility allows physicians to optimise therapy based on individual patient needs and tolerance

# Safety & Tolerability

## Generally Well-Tolerated

### Possible side effects:

- Mild gastric discomfort, nausea
- Rare skin allergy or rash
- Enzymes may cause GI upset in sensitive patients

### Contraindications:

- Active peptic ulcer/GI bleed
- Severe hepatic/renal impairment
- Known hypersensitivity to proteolytic enzymes or NSAIDs
- Pregnancy & lactation

## Why Prescribe Flezoneac-XL?

### Doctor's Choice For:

#### Triple Therapy

Comprehensive Pain + Inflammation + Swelling management

#### Faster Recovery

Accelerated post-trauma & surgical recovery outcomes

#### Versatile Application

Suitable for orthopaedic, dental, ENT & sports medicine use

#### Enhanced Function

Reduces oedema, accelerates healing, improves patient function

#### Quality Assurance

Backed by Human Orthocare quality standards
