## Product Overview

### Composition (per 30g pack):

#### Etodolac I.P.

5% w/w

#### Camphor U.S.P.

4% w/w

#### Linseed Oil B.P.

3% w/w

#### Methyl Salicylate I.P.

5% w/w

#### Menthol I.P.

10% w/w

### Key Features:

- **Topical Etodolac-based NSAID gel** – unique in ortho care
- Provides **anti-inflammatory + analgesic + soothing counterirritant effect**
- Ideal for **localised pain & stiffness** in joints & muscles
- Non-greasy, fast-absorbing formula

# Mechanism of Action

## Etodolac

Preferential COX-2 inhibitor → reduces inflammation & pain locally

## Methyl Salicylate & Menthol

Counterirritant action → cooling-warming sensation, distracts pain signals

## Camphor

Improves blood circulation & relieves stiffness

## Linseed Oil

Natural anti-inflammatory & soothing agent

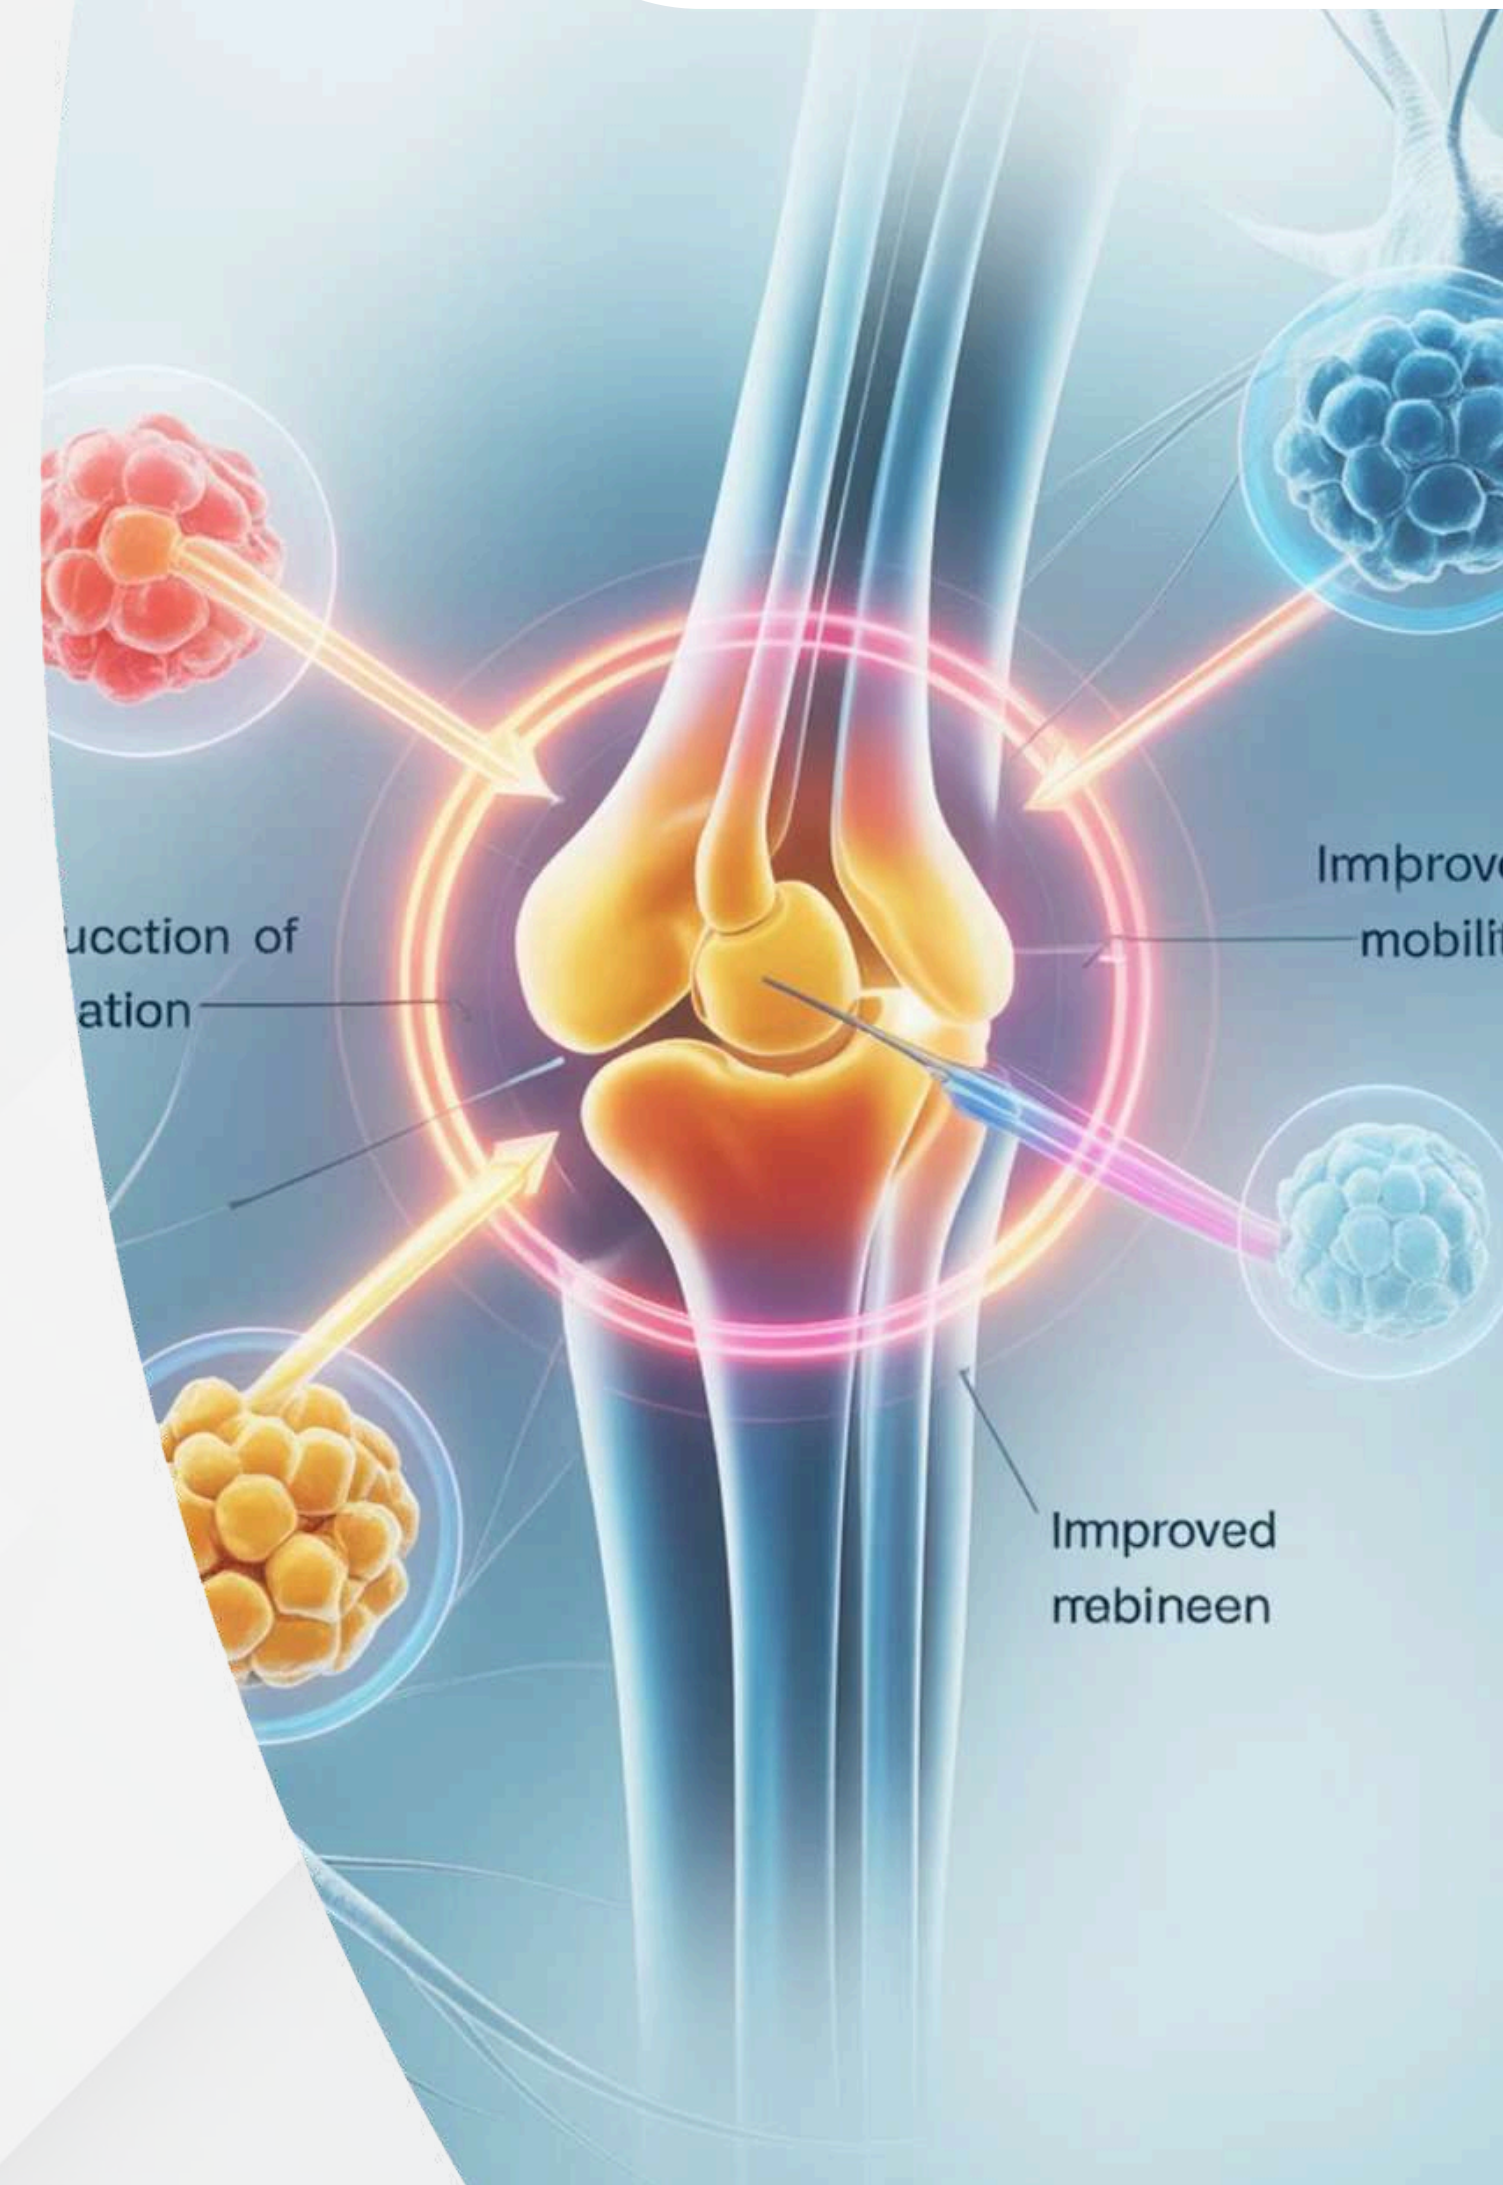

### ✓ Result

Quick & targeted relief in pain, swelling & stiffness

# Indications (Ortho Focused)

Tracfast Ultra Gel is recommended for:

- Osteoarthritis & rheumatoid arthritis joint pain
- Cervical & lumbar spondylosis stiffness
- Sciatica & radiculopathy-related local pain
- Sports injuries – sprains, strains, tendonitis
- Post-traumatic musculoskeletal inflammation
- Post-physiotherapy or rehabilitation pain relief

# Clinical Advantages

## Key Benefits of Tracfast Ultra Gel:

### Unique Etodolac Topical

Better GI safety vs oral NSAIDs

### Dual Effect

**Pain relief + inflammation control**

### Counterirritant Comfort

Cooling-warming sensation for immediate relief

### Targeted Local Action

Less systemic exposure, focused treatment

### Enhanced Mobility

Improves compliance in chronic ortho patients

# Comparison with Standard Topical Gels

Parameter	Tracfast Ultra Gel (Etodolac)	Diclofenac Gel	Counterirritant Gel
NSAID Potency	✔ Strong (COX-2 pref.)	⚠ Moderate	✗ No
